

2009 Fall Schedule of Classes

HY = Hybrid Course (A hybrid course (HY), sometimes referred to as a blended course, is one in which a substantial amount of the course requirements are to be completed online via the course website and email. Students may be required to complete some work on site or through telecommunicating [using Microsoft Office Live Meeting] at designated dates and times as set forth in the schedule of classes or as communicated to students by the instructor.) Scheduled meeting times are indicated by Conf below.

WC = Web-centered Course (A web-centered course (WC) is one where instruction is delivered to a student's computer over the Internet. The instructor leads and actively monitors student online activity in completing the course. Because of the interactive nature of a web-centered course, student access to a computer with Internet capability and active participation are necessary for satisfactory course completion. Web-centered courses require no in-class lecture time)
